PARENTAL CONTROL

Recommendations:

- **Establish** times and places to use the devices in order to prevent children from being connected during unsuitable situations and hours (during family activities, in the evening, etc.).
- **Set up** a schedule for using the devices to avoid that children stay connected /to prevent children from staying connected.
- **Set up** a budget to make children aware of their purchases and responsible for them (for older children).
- **Take advantage** of the features included in the devices, apps and specific settings to manage the use and the activities carried out by children (block of certain content/ purchasing block).

Aims:

- **To prevent** access to inappropriate content and unwanted expenses and particularly, to prevent undesired anxiety, sleep disorders, drop in school performance and addictions.

SEARCH FOR

- Words in a book
